Price Pfister®

TRUSTED SINCE 1910™

As a leader in the plumbing industry for nearly a century, we've developed some of the most innovative and dependable faucets and accessories, in a range of styles and finishes to suit your tastes.

OUR COMMITMENT TO YOU

Our mission is to offer top quality products that are stylish, affordable and meet the rigors of every day use. In fact, Price Pfister backs every product with a guarantee of quality that covers both finish and function for life.

INNOVATION

We are constantly improving our products to offer the latest in eco-friendly standards, technological advances, design trends, purity, durability and easy installation. Our years of experience support our dedication to providing the best products with the latest technology without sacrificing style and beauty.

CORSA

INNOVATIVE DESIGN that will start your customers' *hearts racing*.

Inspired by the sleek lines and aero-dynamics of racing, the Corsa family is sure to start your heart racing.

Designed by Italian architect, Mirko Bosio, the Corsa exudes excitement. It might even make your bath a spectator sport.

PRICE PFISTER.

THINK GREEN

A simple statement that starts a revolution. At the Black & Decker Hardware and Home Improvement Group, we respect the need for balance between industry and a healthy, sustainable environment.

Our role in supporting this balance is to design, manufacture, and distribute products and services in a way that protects the quality of the environment. Price Pfister is one of the first faucet companies to be certified by the Environmental Protection Agency's (EPA) WaterSense program and has taken the role of leader in reducing water consumption and becoming lead free.

WE MAKE SAVING WATER SIMPLY BEAUTIFUL

WE PROVIDE A FULL RANGE OF SUSTAINABILITY OPTIONS

- Operations and activities conducted in compliance with all applicable laws and regulations; Products and packaging designed in consideration of the environment in terms of raw material usage, manufacturing techniques, energy requirements, customer usage of the product, and end-of-service aspects;
- Reduction of the impacts of operations on the environment through improvements in manufacturing processes, conservation of energy and resources, prevention of pollution, provision for emergencies, and good housekeeping and maintenance;
- Participation with government, industry, customers, suppliers, and other interested parties in identifying environmental aspects of our operations.
- OUR AVANTI FAUCETS Meet or Exceed Water Saving Standards.

EVERY
DROP
COUNTS

Price Pfister offers many faucets that help conserve our water resources. Please contact your local sales representative for further information or visit our website at www.pricepfister.com

"A leading provider of architecturally inspired building products innovatively designed to improve the places where people live and work."

BALDWIN

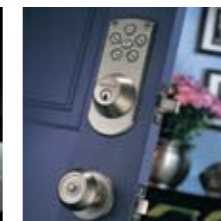

Kwikset
